At the event, the Dio Cancer Fund presented a check for \$25,000 to further the research of Dr. David Wong, Director of the Dental Research Institute at the University of California, Los Angeles. Dr. Wong is developing a non-invasive saliva test for early

cancer detection. The Dio Cancer Fund already presented Dr. Wong with \$25,000 at their annual Ride for Ronnie Motorcycle event in May of this year. Dr. Wong believes this simple test will become available for medical use within the next three years.

Dr. Sandeep Kapoor, Dio Cancer Fund medical director, explained that UCLA's Dr. David Wong is not kidding when he has said he is going to find a "blueprint" for gastric cancer, the disease that took the life of singer Ronnie James Dio in 2010. Says Kapoor: "The NIH (National Institute of Health) has recently given him a grant to do a 'prospective trial' looking at stomach cancer biomarkers. There is going to be a 'liquid saliva' screening test for stomach cancer that I and millions of other doctors will be able to use in our offices. This simple saliva test might have saved Ronnie's life, and it will be able to save countless lives in the future." A 6-string Jackson guitar donated by Chris Broderick of Act of Defiance and stage played by him while on tour with Megadeth in 2012 was auctioned to raise additional funds. Among the raffle prizes awarded were a specially-designed bowling ball and a bowling pin featuring the BOWL 4 RONNIE artwork, each accompanied by a Bowling Party donated by host venue Pinz Bowling Center.

In addition to emceeding duties, Eddie Trunk, host on Sirius XM's "Volume" and VH-1's "That Metal Show," captained his own bowling team comprising Tom Morello, Rock Feinstein, Jeff Scott Soto, John 5 and Tim "Ripper" Owens. His team took top honors for the highest celebrity bowling team score. The winner of the newly-minted Dean Schachtel Award-named for the late Dio Cancer Fund board member-for the highest overall bowling score went to Dio Cancer Fund supporter Scott Courtright.

The Ronnie James Dio Stand Up and Shout Cancer Fund was formed in memory of the legendary rock singer Ronnie James Dio, who lost his life to gastric cancer in 2010. A privately funded 501(c)(3) charity organization dedicated to cancer prevention, research and education, the Ronnie James Dio Stand Up and Shout Cancer Fund has already raised over \$1 million in its short history. Monies raised have been committed to the cancer research work of the T. J. Martell Foundation for Cancer, AIDS and Leukemia Research, the gastric cancer research unit of the M.D. Anderson Cancer Center in Houston, where Ronnie was treated for gastric cancer during the last six months of his life, and other cancer research projects. The recent passing of several high profile musicians to cancer has served to reinforce the commitment of the Dio Cancer Fund to support research and education that furthers early detection, prevention and treatment of prostate, colon and gastric cancers.
